

**Specialized Services for Children and Youth invite you to join us for our  
monthly learning series**

## **Breakfast at SSCY**

**Everyone is welcome to attend!**

**Topic: Implementing BEAM for Families of Children on Neurodevelopmental  
waitlists: A Dual-Generation Mental Health Program to Reduce Parenting Stress  
and Promote Positive Child Outcomes**

**Presented by: Dr. Kristene Cheung and Dr. Leslie E. Roos**

This session will introduce the BEAM program for children on neurodevelopmental waitlists, outline plans for a brief iKX event to support seamless program implementation with the Child Development Clinic and the Manitoba FASD Centre and describe an upcoming pilot trial for Manitoban families.

Participants will learn about the program's goals, evidence base, and anticipated impact, while gaining insight into opportunities for the organization to engage in the pilot that will inform larger-scale funding applications and sustainable services to address family mental health and child development needs.

### **Learning Objectives**

1. Understand the purpose and core components of the BEAM program.
2. Learn how the proposed iKX event will facilitate successful implementation within their organizations.
3. Discuss opportunities to participate in the pilot trial and contribute to future scale-up efforts.

**When: 8:00-9:00am, Tuesday, October 14<sup>th</sup>, 2025**

Please follow the Teams link below to join this **virtual event**:
